to price. Do this by creating a sales page for the new book, but don't include a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with different prices on each page. Make sure that your gross sales copy is precisely the same on every web page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your web site and sales of your book. It will inform you what your optimum worth is.
