Another strategy is to check out prices by making a number of duplicate gross sales pages with different costs on every page. Make certain your gross sales copy is exactly the same on each web page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum price is.

In the end, in the event you've written a e book that solves a problem or presents a new method, your book will bring in both site visitors and profits.
