One other technique is to test out costs by making a variety of duplicate gross sales pages with different prices on every page. Be certain your sales copy is exactly the identical on each web

page, and contains your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. This will let you know what your optimum value is.

Ultimately, if you've written a guide that solves a problem or presents a new approach, your e book will herald both traffic and profits.
