Begin at the highest worth the market will bear to bring in the largest earnings, and plan to discount the e-book a number of instances throughout the year.

If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new ebook, however don't embrace a worth on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by making a variety of duplicate sales pages with totally different costs on each page. Ensure your sales copy is strictly the same on each page, and includes your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.
