An efficient method for determining a value is to send out a survey to your current customers. If these customers have already bought an book from you, ask for their opinion in terms of price. Do that by creating a sales page for the brand new ebook, but do not include a value on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with totally different costs on every page. Be certain that your gross sales copy is strictly the

identical on every web page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum value is.

Ultimately, in the event you've written a ebook that solves a problem or presents a new approach, your guide will herald both traffic and profits.
