Another strategy is to test out costs by creating a variety of duplicate sales pages with completely different prices on each page. Ensure that your sales copy is exactly the similar on each web page, and includes your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum price is.

Finally, should you've written a guide that solves a drawback or presents a new method, your book will herald both traffic and profits.
