Do that by creating a sales web page for the brand new guide, but don't embody a worth on that page. As an alternative, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on each page. Be certain your gross sales copy is strictly the same on

each page, and consists of your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum worth is.

In the end, should you've written a guide that solves a downside or presents a new technique, your book will herald both visitors and profits.
