An efficient technique for determining a value is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the brand new e book, but do not include a value on that page. Another strategy is to test out prices by making a variety of duplicate sales pages with totally different costs on every page. Ensure your sales copy is exactly the same on every page, and includes your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum price is.
