Start at the highest value the market will bear to usher in the largest earnings, and plan to discount the e-book a number of times throughout the year.

An efficient method for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do that by creating a sales web page for the new guide, however don't embrace a price on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with totally different prices on every page. Make certain your sales copy is strictly the similar on each page,

and contains your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum value is.
