However, if your ebook comprises precious ? and more importantly NEW data, references, or strategies ? then it's best to goal to price it on the excessive end.

After you figure out your goal, you need to figure out what your viewers's want is for your ebook. For example, does your book clear up a selected drawback? If it does, and solves it in a method that hasn't been written about in one hundred different ebooks, you may be able to obtain high sales at a

excessive price. In case your e book solves a problem or answers questions in a brand new and distinctive approach, you should worth your e-book as high as you'll be able to go.
