If these customers have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the new guide, however don't embrace a price on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with totally different costs on each page. Be sure that your gross sales copy is precisely the similar on every

web page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum price is.

In the end, in the event you've written a guide that solves a downside or presents a new technique, your e book will bring in each visitors and profits.
