An effective technique for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion by way of price. Do that by making a sales page for the brand new book, but don't include a worth on that page. Instead, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by creating a variety of duplicate gross sales pages with different costs on each page. Be certain your gross sales copy is exactly the similar on every page,

and includes your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum value is.

Finally, in case you've written a ebook that solves a downside or presents a new technique, your ebook will herald both site visitors and profits. So be sure you write that selling-deal with sentence that sums up what drawback your e book solves and what the advantages of your 2072 ebook will likely be to the customers who buy it.
