Then remember to use that sentence in every piece of gross sales and promotional material, and each time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of different methods that can help you promote extra books.

One is to give something away without spending a dime together with your e-book, similar to a valuable bonus item. Or bundle a number of ebooks below one price, which lowers the value for each e book if they have been bought separately.

An efficient approach for figuring out a value is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the brand new e book, however do not embrace a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with different costs on every page. Make sure your sales copy is strictly the identical on every page,

and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum worth is.

In the end, if you happen to've written a e-book that solves a drawback or presents a brand new approach, your book will usher in both traffic and profits. So you should definitely write that selling-handle sentence that sums up what drawback your guide solves and what the benefits of your 2190 guide can be to the customers who buy it.
