An efficient method for figuring out a price is to send out a survey to your current customers. If these clients have already purchased an ebook from you, ask for his or her opinion by way of price. Do this by creating a sales web page for the new e-book, but don't embody a price on that page. Make sure that your gross sales copy is exactly the same on every page, and includes your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum price is.

Finally, when you've written a e book that solves a drawback or presents a brand new method, your e book will usher in both traffic and profits.
