Do that by creating a sales page for the brand new book, but don't embrace a worth on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out costs by making a variety of duplicate gross sales pages with completely different prices on every page. Be sure that your gross sales copy is strictly the

similar on every page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. This can let you know what your optimum price is.

Ultimately, should you've written a book that solves a drawback or presents a brand new technique, your e-book will usher in both site visitors and profits. So remember to write that selling-deal with sentence that sums up what downside your e book solves and what the advantages of your 2328 book will probably be to the customers who buy it.
