One other technique is to check out prices by making a number of duplicate gross sales pages with totally different costs on every page. Ensure your sales copy is precisely the identical on each

page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum value is.

Ultimately, should you've written a e book that solves a problem or presents a brand new technique, your e-book will bring in both site visitors and profits.
