An effective approach for figuring out a worth is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a sales web page for the new guide, however do not embody a price on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate gross sales pages with completely different costs on every page. Make sure your sales copy is exactly the same on each page, and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your site and sales of your book. This will inform you what your optimum value is.

In the end, when you've written a ebook that solves a downside or presents a brand new technique, your e book will herald each visitors and profits.
