sales and promotional material, and every time anyone asks you about your ebook.

Apart from promoting your books assiduously on-line, there are several different methods that may allow you to promote extra books.

One is to provide one thing away at no cost along with your e-book, akin to a invaluable bonus item. Or bundle several ebooks below one value, which lowers the price for every e-book in the event that they had been offered separately.

An efficient approach for determining a price is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for their opinion in terms of price. Do that by creating a sales web page for the new guide, but don't embody a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with totally different prices on each page. Be certain your gross sales copy is exactly the same on every web page, and consists of your promoting-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum price is.

Ultimately, in case you've written a book that solves a drawback or presents a brand new technique, your guide will usher in both visitors and profits.
