promotional material, and every time anyone asks you about your ebook.

Moreover selling your books assiduously online, there are several other strategies that can help you sell extra books.

An effective approach for determining a price is to ship out a survey to your present customers. If these customers have already purchased an book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the new e book, but don't embody a value on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a variety of duplicate gross sales pages with completely different costs on each page. Make certain your gross sales copy is exactly the identical on every web page, and consists of your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. It will let you know what your optimum value is.

In the end, should you've written a e-book that solves a drawback or presents a brand new method, your guide will herald each site visitors and profits.
