Start at the highest worth the market will bear to usher in the largest income, and plan to discount the e-book a variety of times all through the year.

## Marketing Methods

The important thing that unlocks the sales potential of your book is to find a single sentence that becomes your promoting handle. Then make sure to use that sentence in every piece of sales and promotional material, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of different methods that may show you how to sell more books.

One is to present one thing away free of charge with your book, akin to a worthwhile bonus item. Or bundle several ebooks underneath one worth, which lowers the value for every e book in the event that they have been offered separately.

An efficient approach for figuring out a price is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion by way of price. Do this by creating a gross sales web page for the new e-book, but don't embody a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with different prices on each page. Be certain that your sales copy is exactly the same on every page, and contains your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum value is.

Finally, for those who've written a book that solves a downside or presents a new method, your ebook

will bring in each site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what problem your guide solves and what the advantages of your 281 book might be to the shoppers who purchase it. And then watch your market come to you!
