An efficient approach for determining a value is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion by way of price. Do that by creating a gross sales page for the new e book, but do not embrace a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with totally different prices on every page. Be sure that your sales copy is strictly the similar on each page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum price is.

Ultimately, when you've written a guide that solves a drawback or presents a new method, your guide will bring in both traffic and profits. So be sure you write that selling-handle sentence that sums up what downside your book solves and what the benefits of your 534 e book will likely be to the shoppers who buy it.
