high price. In case your guide solves an issue or answers questions in a new and distinctive method, it is best to price your e-book as high as you possibly can go. If you want to see giant income over customer draw, aim for an audience that is on the lookout for straightforward options to their problems at a low price. If your book is aimed toward solving one explicit downside quite than general advice, then you possibly can charge more. Begin at the highest worth the market will bear to bring in the largest earnings, and plan to low cost the guide a variety of times throughout the year.

Make sure your sales copy is precisely the similar on each page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between guests to your website and gross sales of your book. This will tell you what your optimum price is.
