Advertising Strategies

The key that unlocks the sales potential of your book is to find a single sentence that turns into your selling handle. This sentence states what question or downside your e book answers and the

benefits your ebook can provide. Then you should definitely use that sentence in every piece of sales and promotional materials, and each time anyone asks you about your ebook.

Besides selling your books assiduously online, there are several other strategies that can make it easier to promote more books.

One is to provide something away without spending a dime along with your book, such as a useful bonus item. Or bundle several ebooks underneath one value, which lowers the price for each ebook in the event that they had been sold separately.

An effective technique for figuring out a value is to send out a survey to your current customers. If these customers have already bought an e book from you, ask for his or her opinion by way of price. Do that by making a gross sales web page for the new e-book, but do not include a price on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with completely different costs on every page. Ensure that your gross sales copy is precisely the same on each page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum value is.

Ultimately, when you've written a guide that solves a problem or presents a new technique, your ebook will usher in each site visitors and profits.
