and promotional material, and every time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are a number of different methods that can enable you sell extra books.

One is to offer something away free of charge along with your guide, such as a worthwhile bonus item. Or bundle several ebooks below one worth, which lowers the value for each book if they had been sold separately.

An effective approach for determining a value is to send out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the new guide, but don't include a value on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out costs by creating a variety of duplicate sales pages with different costs on each page. Make certain your gross sales copy is precisely the same on every web page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum worth is.

Ultimately, when you've written a e-book that solves a problem or presents a new approach, your ebook will bring in each traffic and profits. So make sure to write that selling-handle sentence that sums up what drawback your e-book solves and what the benefits of your 76 e book shall be to the shoppers who purchase it.
