An effective approach for determining a price is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion in terms of price. Do that by creating a sales page for the brand new guide, but do not include a price on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Ensure that your gross sales copy is precisely the identical on each web page, and includes your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum price is.

Ultimately, if you've written a book that solves a downside or presents a brand new technique, your guide will usher in each site visitors and profits.
