An effective approach for figuring out a value is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for his or her opinion by way of price. Do that by creating a sales page for the brand new ebook, but don't embody a value on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with completely different prices on each page. Ensure your gross sales copy is strictly the similar on

every web page, and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum value is.

In the end, in case you've written a guide that solves a downside or presents a brand new approach, your guide will herald each traffic and profits.
