An efficient method for determining a value is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion by way of price. Do this by making a sales page for the brand new book, however do not embody a price on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with different costs on each page. Ensure your sales copy is strictly the similar on each page, and

includes your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum price is.

In the end, for those who've written a e-book that solves a downside or presents a new approach, your book will bring in each traffic and profits.
