An effective method for figuring out a price is to send out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do this by making a gross sales page for the new e-book, but don't embody a worth on that page. As a substitute, add numerous links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with different prices on every page. Be sure that your gross sales copy is strictly the identical on each

page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum value is.

Finally, if you happen to've written a guide that solves a downside or presents a brand new method, your e-book will herald both traffic and profits. So you'll want to write that selling-deal with sentence that sums up what problem your guide solves and what the benefits of your 963 guide can be to the purchasers who buy it.
