As a substitute, add a variety of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with different prices on every page. Make sure your gross sales copy is strictly the identical on each web page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This may let you know what your optimum value is.

In the end, when you've written a book that solves a drawback or presents a new technique, your guide will herald both traffic and profits.
